1. Definitions and Terms

Glossary of Definitions and Terms:

Account – Either a Customer's physical location or individual Service represented by a unique account number within the billing hierarchy. Multiple services each with a unique account number may be part of one physical location.

Alternative Local Exchange Carrier (ALEC) or Competitive Local Exchange Carrier (CLEC) – Any entity or person providing local exchange services in competition with an ILEC or LEC.

Application – A request made orally or in writing for telephone service.

Authorized Account User – The person or persons authorized to make changes to a customer account including changes to toll carriers as designated by the account holder. Authorized Account Users shall be limited to two persons for any single postal address.

Authorization Code – A multi-digit code that enables a Customer to access the Telephone Company's network and enables the Telephone Company to identify the Customer's use for proper billing. Also, called a Personal Identification Code or PIN.

Automated Message Accounting (AMA) - The data recorded at the switch and used to calculate the amount billed to the end user for local, long distance, intraLATA toll and InterLATA toll charges, if detail billing is required, and to calculate the amount billed to the Interexchange Carrier for access charges due to the Telephone Company for use of its network.

Called Station – The terminating point of a call (i.e., the caller number).

Calling Station – The originating point of a call (i.e., the calling number).

Calling Area – A specific geographic area so designated for the purpose of applying a specified rate structure.

Carrier – The term "Carrier" means Charter Fiberlink SC-CCO, LLC or the Telephone Company.

Central Office – A switching unit in a telephone system which provides service to the general public, having the necessary equipment and operating arrangements for the terminating and interconnecting customer lines and trunks or trunks only. There may be more than one central office in a building or exchange.

Central Office Line – A circuit directly connecting an individual with a central office.

Commission – Public Service Commission of South Carolina

Competitive Local Exchange Carrier (CLEC) or Alternative Local Exchange Carrier (ALEC) - Any entity or person providing local exchange services in competition with an ILEC or LEC.

Connecting Company – A corporation, association, partnership or individual owning or operating one or more exchanges and with which communications services are interchanged.

Connector – See "Switch".

Connection Charge – See "Service Charge".

Construction Charge – A separate nonrecurring charge made for the construction of facilities in excess of those contemplated under the rates quoted in this Tariff.

Continuous Property – The plot of ground, together with any building thereon, occupied by the customer, which is not divided by public highways or separated by property occupied by others.

Contract – The agreement between a customer and the Telephone Company under which service and facilities are furnished in accordance with the applicable provisions of the Local Exchange Tariffs.

Cost – The cost of labor and materials, which includes appropriate amounts to cover the Telephone Company's general operating and administrative expenses.

Customer – The individual, partnership, association or corporation which contracts for telephone service and are responsible for the payment of charges and compliance with the general regulations of the Telephone Company's Tariff.

Customer Provided Equipment (CPE) – Devices, apparatus, and/or associated wiring provided by a customer.

Customer Provision – Customer purchase or lease of customer-provided equipment from the Telephone Company or from any other supplier.

Data Access Arrangement – A protective connecting arrangement for use with the network control signaling unit, or in lieu of the connecting arrangement, an arrangement to identify a central office line and protective facilities and procedures to assure proper operation and protection of the telecommunications network.

Demarcation Point – That point (also referred to as Network Interface) or interconnection between the Telephone Company's facilities and the wiring at the subscriber's premise. The Demarcation Point shall consist of wire or a jack conforming to Subpart F or Part 68 of the Federal Communications Commission's Rules and Regulations. The Demarcation Point will generally be within twelve inches of the protector or, absent a protector, within twelve inches of the entry point to the customer's premises. If conforming to the twelve inches is unrealistic or technically impossible, the Demarcation Point will be the most practicable minimum point of entry to the customer's premises. The network interface may be located at a point other than the normal demarcation point where the network interface has been previously established by the presence of network equipment. With regard to premises for any structure that is built to be more mobile (e.g., mobile homes, recreational vehicles), The Telephone Company may place the Demarcation Point on a post or pole at or near the pad where such structure is intended to rest. Boat docks, marinas and similar premises may be treated by the Telephone Company as a single unit premises, with the Demarcation Point being placed on the shore or other location as deemed appropriate by the Telephone Company.

Delinquent or Delinquency – An account for which payment has not been made in full on or before the last day for timely payment.

Digital Transmission – information transmitted in the form of digitally encoded signals.

End User – The ultimate user of the telecommunications services and who orders service and is responsible for payment of charges due in compliance with the Telephone Company's price list regulations. See "Customer".

Exchange Area – A geographically defined area wherein the telephone industry through the use of maps or legal descriptions sets down specified area where individual telephone exchange companies hold themselves out to provide communications services.

Exchange Station – A station connected with a central office of the Telephone Company over its own lines.

Facility (or Facilities) – Any item or items of communications plant or equipment used to provide or connect to the Telephone Company Services.

FCC – Federal Communications Commission

Harm – Harm consists of hazards to personnel, damage to Telephone Company equipment, and impairment of service to persons other than the user of the customer-provided equipment. Types of harm include, but shall not be limited to, voltages dangerous to personnel, destruction of or damage to equipment induced noise or cross talk, incorrect dial pulsing, failure of supervision, false answer, incorrect billing, absence or voice band transmission path for call progress signals, and loss of capability to answer an incoming call.

Incomplete Call – Any call where voice transmission between the calling party and the called station is not established (i.e. busy, no answer, etc)

Incumbent Local Exchange Carrier (ILEC) or Local Exchange Carrier (LEC) – Any local exchange carrier that was, as of February 8, 1996, deemed to be a member of the Exchange Carrier Association as set forth in 47 C.F.R. 69.601(b) of the FCC's regulations.

Individual Line – An exchange line designed for the connection of a telephone set.

Initial Service Period – The minimum length of time for which a customer is obligated to pay for service, facilities and equipment whether or not retained by the customer for such minimum length of time.

Installation Charge – A nonrecurring charge made at the time of installation of communications service or equipment, which applies in addition to service charges and other applicable charges for service or equipment unless specifically exempted.

3. Rules and Regulations

3.1 Obligation and Liability of the Telephone Company

3.1.1 Availability of Facilities and Equipment

The Telephone Company's obligation to furnish Services is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary facilities, pole lines, circuits and equipment. Products and services will be available in accordance with this tariff, where technically feasible.

The installation and restoration of Services shall be subject to the regulations set forth in this Tariff.

3.1.2 Interruptions of Service

In the event of an interruption to the service not due to the negligence or willful act of the customer or customer premises equipment, an allowance will be made if the interruption continues for more than twenty-four (24) hours from the time it is reported to or detected by the Telephone Company, upon customer request.

The customer is responsible for providing a suitable supply of commercial electrical power, including outlets, when and where required by the Company for the operation of any Company telecommunications equipment on the customer's premises. Failure to supply adequate commercial electrical power is considered negligence of the customer. A customer may be billed a service dispatch charge whenever a dispatch is made to correct a service interruption caused by the customer failure to pay for commercial electrical service.

In the event the Customer is affected by such interruption, not due to customer negligence, for a period of less than twenty-four (24) hours, no adjustment will be made. No adjustments will be earned by accumulating non-continuous periods of interruption.

3.1.3 Liability

In view of the possibility of errors and difficulties occurring in the transmission of messages by telephone, and the impossibility of fixing the cause thereof, the customer assumes all risks connected with the service except as follows:

If the initial installation is defective or if service is interrupted for more than twenty-four (24) hours otherwise than by the negligence or willful act of the customer or due to customer premises equipment, an allowance limited to the prorated portion of the monthly rate or guarantee for the service or portion thereof interrupted, shall be made after notice and demand to the Telephone Company. No allowance shall be made for interruptions due to the inside wiring or customer provided equipment.

The advertised speeds of the customer's modem may not be attainable with this service and are not guaranteed by the Telephone Company. The Telephone Company will assure, however, that its local exchange access lines meet standards

3.1.3 Liability (Cont'd)

The Customer indemnifies and saves the Telephone Company harmless against any accident, injury or death caused through the use of apparatus which fail to meet the dielectric requirements as established by the Telephone Company when such apparatus is provided by the Customer. The Telephone Company has the right of refusing to, or ceasing to, render service to a Customer if at any time any of the telephones, appliances, lines or apparatus on the Customer's premises shall be considered unsafe by Telephone Company personnel, or if the use of the service shall be prohibited by or forbidden under any law, ordinance or regulation.

Upon the request of the Customer for trouble visit a charge (refer to Service and Equipment Charges) will be made if trouble is found to be in customer-provided systems. The Telephone Company shall not be responsible for the installation, operation, or maintenance of any customer-provided systems. Exchange and message toll telephone services are not represented as adapted to the use of customer-provided systems where such systems are connected to the Telephone Company facilities. The responsibility of the Telephone Company shall be limited to the furnishing of facilities suitable for exchange and message toll services and to the maintenance and operation of such facilities in a manner proper for such services; subject to this responsibility the Telephone Company shall not be responsible for the through transmission of signals generated by the customer-provided systems or for the quality of, or defects in, such transmission or the reception of signals by customer-provided systems.

The Telephone Company shall not be responsible to the Customer or otherwise if changes in the criteria, or in any of the facilities, operations or procedures of the Telephone Company render any customer-provided facilities obsolete or require modification or alteration of such facilities or otherwise affect its use or performance. Where it is reasonably foreseeable to the Telephone Company that such changes may affect customer-provided facilities, the Telephone Company shall provide reasonable notice. The Customer also agrees to release, indemnify and hold harmless the Telephone Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion to use E911 service features and the equipment associated therewith, or by any services furnished by the Telephone Company in connection therewith, including but not limited to, the identification of the telephone number, address or name associated with the telephone used by persons accessing 911 service thereunder, and which arises out of the negligence or other wrongful act of the Customer, its user, agencies or municipalities, or the employees or agents of any one of them.

To ensure 911 calls and emergency personnel are properly routed Telephone Company equipment must not be moved by the customer. Additionally, the Telephone Company recognizes one address for all lines on the same account and will not be responsible for multiple address location information. Therefore, the customer is responsible for directing emergency personnel to the specific location of the person in need and to any other physical location if all telephones are not located at the address on the account.

3.1.3 Liability (Cont'd)

The Customer also agrees to release, indemnify and hold harmless the Telephone Company in using a Multimedia Terminal Adaptor (MTA) or a telephone modem that requires electrical power in the event of failure. The Telephone Company may provide battery backup for the MTA or modem to customers with the intent of providing telephone service in the event of a power outage. However, continued telephone service in the event of a power outage is not guaranteed.

Under no circumstances shall the Telephone Company or its officers, directors, employees or agents have any liability to the county, a person placing an emergency call on the system or to any other person or entity, for any loss, damage, injury or liability which they may suffer, sustain, incur or become subject to, arising out of, based upon resulting from any negligence on the part of the Telephone Company or its officers, directors, employees or agents.

Notwithstanding any other provision of any service agreement or this tariff, the telephone company's entire liability to customer, and customer's sole and exclusive remedy for any damages caused by any service defect or failure, or for other claims arising in connection with any service provided by the telephone company, shall be customer's proven direct damages not to exceed per claim (or in the aggregate during any 12-month period) an amount equal to the total net payments payable by customer for the applicable service during the three (3) months preceding the month in which the damage occurred. Under no circumstances shall the telephone company be liable to the customer for any indirect, consequential, exemplary, special, incidental or punitive damages (including, without limitation, any damages for lost business, revenue, profits or goodwill) arising in connection with any service agreement or the provision or failure of any services (including, without limitation any service implementation delays or failures). This limitation of liability shall survive failure of any exclusive remedy, and shall apply regardless of the form of action, whether in contract, tort, warranty, strict liability, misrepresentation, negligence (including without limitation, active and passive negligence) or other theory of recovery. Nothing in this section limits customer's responsibility for the payment of charges due or the telephone company's obligation to provide credits due as provided in this tariff.

(N)

(N)

3.1.4 Directory Errors and Omissions

The Telephone Company's liability for damages due to errors or omissions in directory listings will be limited to a credit of one month's basic service.

(C)

In the case of extra listings in the alphabetical section of the directory for which a charge is made, the Telephone Company's liability shall be limited to an amount not to exceed the established rate for such listing during the period which the error or omission continues.

The customer indemnifies and holds the Telephone Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the listing which the customer has requested be omitted from the telephone directory or the disclosing of such a listing to any person.

(C)

Each customer shall be entitled, without charge, to a directory for each area within the Telephone Company service areas within the State of South Carolina.

3.1.5 Transmitting Message

The Telephone Company does not transmit messages but offers the use of its facilities for communications between patrons. If because of transmission difficulties the operator, in order to accommodate the customer, repeats messages, the operator is deemed to be acting as the agent of the persons involved and no liability shall be attach to the Telephone Company because of any errors made by the operator or misunderstandings that may arise between customers because of such errors

3.1.6 Use of Connecting Telephone Company Lines

When suitable arrangements can be made, lines or other telephone companies may be used in establishing wire connections to points not reached by this Telephone Company's lines. In establishing connections with the lines of other companies, the Telephone Company is not responsible or liable for any action of the Connecting Company. Connection of the Telephone Company's lines to the lines of another telephone company shall be the sole discretion of the Telephone Company.

3.1.7 Defacement of Premises

The Telephone Company shall exercise due care in connection with all work done on customer's premises. No liability shall attach to the Telephone Company by reason of any defacement or damage to the customer's premises resulting from the existence of the Telephone Company's facilities and associated wiring on such premises, or by the installation or removal thereof, unless such defacement or damage is the direct result of the sole negligence of the Telephone Company. The customer sole remedy for such damage shall be repair of such damage.

3.1.8 Call Features

The Telephone Company shall not be liable for any loss of damages arising out of error, interruptions, defects, failure or malfunctions of Call Features associated with Telephone Company's Services. Damages arising out of such interruptions, defects, failures or malfunctions of the services after the Telephone Company has been notified, and has had a reasonable time for repair, shall in no event exceed an amount equivalent to the charges made for the service affected for the period following notice from the customer until service is restored.

3.1.9 900/976 Call Block and International Call Blocking

(T)

Telephone Company blocks calls to 900, 976 and international chat lines. At this time, 900/976 and international chat line unblocking is not available. International call blocking will be provided, upon customer request, at no charge. The telephone Company reserves the right to block international calls when usage surpasses the threshold set by the Company and/or the account is delinquent.

3.2 Practices and Procedures – Residential Service

3.2.1 Rights of the Telephone Company in Furnishing Service

Ownership and Use of Services

Facilities furnished by the Telephone Company to provide transmission Service on the premises of a Customer (except for inside wiring and inside jacks) are the property of the Telephone Company. Telephone numbers assigned to the Customer by the Telephone Company are portable and transferable with the Customer. The agents and employees of the Telephone Company shall have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, maintaining or repairing the equipment, instruments and lines, or upon termination of the Service, for the purpose of removing such equipment, instruments and lines.

If the installation and maintenance of Service are requested at locations which are or may become hazardous or dangerous to the Telephone Company's employees or the public or property, the Telephone Company may refuse to install and maintain such Service, and, if such Service is furnished may require the Customer to install and maintain such Services and may also require the Customer to indemnify and hold the Telephone Company harmless from any claims, loss or damage by reason of the installation and maintenance of such Service.

Service Use by Customer

The Service is furnished only for use by the Customer, the Customer's family or persons residing in the Customer's household, except as the use of the Service may be extended to persons temporarily subleasing a Customer's residential premises. Use of the Services and all charges incurred therein shall be the sole responsibility of the Customer.

Use of Party Line Service

The Telephone Company does not accept applications for Party Line Service.

3.2.2 Establishment and Provision of Service

Applications for initial or additional Services may be made to Telephone Company verbally or in writing. During the application process, the Telephone Company may check commercial credit services or past telephone account information in order to establish a credit risk assessment and/or use in establishing any deposit amount that may be required.

Any change in rates or regulations prescribed by public authority having applicable jurisdiction, modifies all terms and regulations of the Services to the extent of such changes.

The Telephone Company reserves the right to refuse service to any applicant who is found to be indebted to the Telephone Company or its affiliates for service previously furnished until satisfactory arrangements have been made for the payment of all such indebtedness. The Telephone Company may also refuse to furnish service to any applicant desiring to establish service for former Customers of the Telephone Company or its affiliates who are indebted for previous service, regardless of the listing requested for such service, until satisfactory arrangements have been made for the payment of such indebtedness.

The Telephone Company may also decline to provide service to a minor whose principal place of abode is the home of minor's parent, guardian, or other person legally charged with the minor's care and custody.

3.2.3 Directory Listing Service

The rates and regulations for directory listings in this tariff apply only to the alphabetical directory containing the regular alphabetical list of names of Customers. These regulations also apply to Yellow Page listings for business customers.

The alphabetical list of names of Customers is for the purpose of informing interested parties of the telephone numbers of Customers and those entitled to use Customers' Service, and special position or arrangement of names is not contemplated.

The Telephone Company limits the length of any listing in the directory by the use of abbreviations when, in the opinion of the Telephone Company, the clearness of the listing or the identification of the Customer is not impaired thereby.

Listings shall conform to the incumbent telephone company's practices with respect to its directories.

Listings are regularly provided in connection with all classes of Exchange Service, unless the Customer subscribes to Non-Listed, Non-Published or Private Number Service. Ordinarily, listings are automatically included in the directory. A listing, however, may be omitted upon request of a Customer when, in the judgment of the Telephone Company, the omission of the listing is warranted by the circumstances of the particular case.

(C)

The Telephone Company will furnish upon request the name and address of the Customer when used to provide recorded announcements under the provisions of this Tariff.

One listing included with each subscriber's primary line service, termed the Primary Listing, is provided in accordance with the incumbent telephone company's directory practices.

At the request of the Customer, the primary listing may be omitted from the directory and the directory assistance service records as a private telephone number. Private Number Service is furnished subject to the regulations and rates specified in this Tariff. The omission of the primary listing in the directory at the Customer's request does not entitle the Customer to an additional listing without charge in connection with other Services for which the Customer may be subscribing.

(C)

3.2.4 Priority of Service

In case of a shortage of facilities exists at any time, either for temporary or protracted periods, the establishment of network transmission service takes precedence in the furnishing of any service or facility.

3.2.5 Customer Premise Equipment (CPE)

Customer Premises Equipment ("CPE") is all terminal equipment normally used on the Customer's premises and owned by the Customer; owned by the Telephone Company or some other supplier and leased to the Customer; including the terminal equipment located or held in inventory on the Customer's premises.

The Telephone Company shall allow Customers to secure the provision, repair, and maintenance of CPE from any supplier, provided that such equipment shall be in compliance with applicable registration standards promulgated by the Federal Communications Commission and the Telephone Company's network.

3.2.6 Application of Residential Rates

Residential rates apply in the following instances:

- A. In private residences where business listings are not provided.
- B. In private apartments of hotels, rooming houses, or boarding houses where service is confined to the Customer's use, and elsewhere in rooming and boarding houses which are not advertised as a place of business or which have less than five rooms for roomers or which furnish meals to less than ten boarders, provided business listings are not furnished.
- C. In the place of residence of a clergyman or nurse, and in the place of residence of a physician, dentist, veterinary, surgeon or other medical practitioner, provided the Customer does not maintain an office in the residence.

(C)
(D)

The Telephone Company also reserves the right to reclassify residential customer service as business service due to misuse or excessive use.

(D)
(D)

Initial Contract Periods

- A. Unless otherwise specified herein or elsewhere in the Telephone Company's Local Exchange Tariff, the initial (or minimum) period for service is one (1) month from the date service is established and the minimum charge is the established rate for one (1) month.

- B. The length of period for directory listings where the listings have been published is the directory period. The directory period is from the day on which the directory is first distributed to the Customers to the day the succeeding directory is first distributed to Customers.
- C. The Telephone Company may require a Service period longer than one (1) month at the same location in connection with (nonstandard) types or arrangements of facilities, or for unusual construction, necessary to meet special demands, and involving extra costs.

3.2.7 Deposits

The Telephone Company may require from any customer, existing or new customer, a deposit intended to guarantee payment of bills for service, if any of the following conditions exist:

- A. The customer's past payment record to a telecommunications company shows delinquent payment practice (i.e. customer has had two consecutive 30-day arrearages, or more than two non-consecutive 30-day arrearages in the past 24 months, or customer has been sent four or more late payment notices in the past 9 months, or
- B. A new customer cannot furnish either a letter of good credit from a reliable source or an acceptable co-signer or guarantor on the same system within the State of South Carolina to guarantee payment, or
- C. A customer has no deposit and presently is delinquent in payments (i.e., has had two consecutive 30-day arrears, or more than two non-consecutive 30-day arrears in the past 24 months), or
- D. A customer has had his service terminated by any telecommunications company for non-payment or fraudulent use.

The Telephone Company shall issue a receipt of deposit to each customer from whom a deposit is received, and shall provide means whereby a customer may establish his claim if this receipt is lost.

A maximum deposit may be required up to an amount equal to an estimated two months (60 days) total bill (including toll and taxes) for a new customer. For an existing customer, a maximum deposit may be required up to an amount equal to the total actual bills of the highest two consecutive months within the preceding six months.

All deposits may be subject to review based on the actual billing experience and the payment history of the customer.

Simple interest on deposits at the rate as prescribed by the Public Service Commission of South Carolina shall be paid by the Telephone Company to each customer required to make such deposit for the time the deposit is held. The interest shall be accrued annually and payment of such interest shall be made to the customer at least every two years and at the time the deposit is returned. Deposits shall be refunded completely with interest after two years unless the customer has had two consecutive 30-day arrearages or more than two non-consecutive 30-day arrearages in the past 24 months, or has had service denied or interrupted for non-payment of bills, or has been sent more than two late payment notices in the past 9 months, or has a returned check in the past 6 months.

Where a customer has been required to make a guaranteed deposit, that deposit shall not relieve the customer of the obligation to pay the service bill when due, but where such deposit has been made and service has been disconnected because of nonpayment of account, then, unless the customer shall, within seventy-two hours after service has been disconnected, apply for reconnection of service and pay the account, the account may be discontinued. If the Telephone

Company discontinues the account, the utility shall apply the deposit of such customer toward the discharge of such account and shall refund to the customer any excess.

A record of each unclaimed deposit must be maintained for at least two years, during which time the Telephone Company shall make a reasonable effort to return the deposit. Unclaimed deposits plus accrued interest shall be remitted to the South Carolina Tax Commission.

3.2.8 Suspension or Termination of Service

Voluntary Suspension

Service may be terminated upon notice being given to the Telephone Company, and upon payment of all charges due for service that has been furnished.

Upon customer dissatisfaction and disconnection of service, and at the customer's request, the Telephone Company will provide a refund/credit for any initial installation charge, presubscribed carrier change charge and one monthly recurring charge, applicable to all residential services, under the following conditions:

1. Customers who have not had Charter telephone services for 90 days qualify to have all levels of telephone services refunded for one month's charges;
2. Current customers adding a new level of service qualify to receive a credit for one month's charges on the newly added services only.

This refund/credit is valid for the customers who pay the first month's charges for the new or upgraded service and is limited to one refund/credit per household. The customer must disconnect the service and request a refund/credit within 45 days of service installation.

Taxes, surcharges, and any other fees or charges that may apply will not be credited or refunded. This guarantee does not apply to per unit long distance charges (domestic or international) incurred beyond that provided for in the monthly recurring charge. Services purchased on a pay per use basis (i.e. Directory Assistance, Operator Services, etc.) are not eligible for this program.

Service may be suspended at the Customer's request to accommodate vacation or other extended absence needs. A request for the suspension of service can only be applied to the Customer account one (1) time per calendar year. A suspension charge will be applied to each line associated with the account as described in the Appendix A of this tariff.

(C)

Involuntary Termination

Service may be terminated for non-payment of a bill, provided that the Telephone Company has made a reasonable attempt to effect collection and has given the customer written notice to make settlement on his account or have his service disconnected. The Telephone Company will provide written notification fifteen (15) days prior to disconnection and make calls to the customer ten (10) days and twenty-four (24) hours prior to disconnection of service. Service can be terminated only on Monday through Thursday between the hours of 8:00 a.m. and 4:00 p.m. EST, unless provisions have been made to accept payment and reconnect service.

Service may be refused or discontinued for any of the reasons listed below. Unless noted, the customer will be allowed a reasonable time to comply to avoid discontinuance of service:

- A. Without notice, in the event of a condition determined by the Telephone Company to be hazardous or dangerous;
- B. Without notice, in the event of customer use of equipment in such a manner as to adversely affect the Telephone Company's service to other customers;
- C. Without notice, in the event of unauthorized use of telephone service;
- D. Customer tampering with equipment furnished and owned by the Telephone Company;
- E. Failure of the customer to permit the Telephone Company reasonable access to its equipment;
- F. Failure of the customer to furnish permits, certificates, and/or right-of-ways, as necessary to obtain service, or in the event such permissions are withdrawn or terminated.
- G. Failure of the customer to provide a deposit/advance payment to the Telephone Company, if required; (C)
- H. In cases of extreme risk involving abnormal and excessive use of toll service, service may be denied two days after written notice is given to the customer, unless satisfactory arrangements for payments are made;
- I. Where there is probable cause to believe that there is illegal or willful misuse of the Telephone Company's service including but not limited to; the subscriber use or allowance of use of abusive, obscene, profane, lewd, lascivious or suggestive language or material otherwise not protected by law; subscriber use with intent to terrify, intimidate, threaten, harass, annoy, or offend another telephone user; or subscriber use to impersonate or permit others to impersonate any other individual.
- J. The Telephone Company is not required to furnish its service or to continue its service; to any applicant who, at the time of application, is indebted under an undisputed bill to the Telephone Company for telephone service previously furnished to such applicant or any other member of the applicant's household. The Telephone Company may not consider any indebtedness which was incurred by the applicant or any member of his household more than six years prior to the time of application.
- K. For violation or and/or non-compliance with the South Carolina Public Utilities Commission's Orders or regulations governing service supplied by the Telephone Company;
- L. Failure of a Customer to cooperate with the Telephone Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the Customer's right to continuance of service;
- M. Failure of the Customer to fulfill his contractual obligations for service and/or facilities subject to regulation by the Public Service Commission of South Carolina.

Insufficient Reasons for Denying Service

The Telephone Company shall not deny service for the following reasons:

Charter Fiberlink SC-CCO, LLC

Issue Date: December 18, 2007

Effective Date: December 19, 2007

- A. Non-payment for services by a previous occupant of the same premises to be service, unless such previous occupant shall benefit from such new service or unless the new occupant benefited from such old service;
- B. Failure to pay for non-communications service provided by the utility, including, but not limited to any non-regulated telecommunications equipment or service furnished by the Telephone Company;
- C. Failure to pay for merchandise purchased from the Telephone Company;
- D. Failure to pay for business services at a different location and a different telephone number shall not constitute sufficient cause for refusal of residential service or vice versa.

3.2.9 Complaints

The Telephone Company will investigate customer complaints promptly and thoroughly in accordance with the rules established by the Public Service Commission of South Carolina. Customers can file unresolved complaints with the following:

3.2.10 Marketing Practices

As a telephone utility under the regulation of the Public Service Commission of South Carolina, the Telephone Company does hereby assert and affirm that as a provider of intrastate telecommunications service, the Company will not indulge or participate in deceptive or misleading telecommunications marketing practices to the detriment of consumers in South Carolina, and the Telephone Company will comply with those marketing procedures, if any, set forth by the Public Service Commission. Additionally, the Company will be responsible for the marketing practices of its contracted telemarketers for compliance with this provision. The Company understands that violation of this provision could result in a rule to Show Cause as to the withdrawal of its certification to complete intrastate telecommunications traffic with the State of South Carolina.

3.2.11 Payment for Facilities and Services

The customer is held responsible for all charges for Services rendered and furnished to the Customer including any FCC-approved end user charge, billed monthly in advance. The Customer shall also pay for long distance service charges that may be billed by the Telephone Company, including charges for toll messages in which charges have been reversed and also nonrecurring service charges when billed. The Customer is also responsible for any charges transferred to the Customer's account from terminated accounts billed to the same Customer.

The Telephone Company reserves the right to assess late payment charges for Customers whose accounts(s) have an unpaid balance from the prior billing period. Any charges not paid in full by the due date indicated on the billing statement may be subject to a late fee of 1.5% per month.

The Telephone Company may provide for the arrangement of a deferred payment plan to enable a residential customer to make payment by installments where the customer is unable to pay the amount due for service. The deferred payment plan may require the affected customer to maintain his/her account current and pay not less than 1/6 of the outstanding balance for a period not to exceed six months. The outstanding balance may include the authorized late payment charge.

3.2.12 Construction, Installation and Maintenance Charges

Construction performed under this Section shall be at the sole discretion of the Telephone Company.

Special charges in the form of installation charges, monthly charges, or both are applied in addition to the usual service charges and monthly rates, when, because of the sporadic or occasional nature of the service or an unusual investment or expense, the revenue does not reasonably compensate the Telephone Company, for example:

- A. The facilities are not presently available, and there is no other requirement for the facilities so constructed.
- B. The facilities are provided in remote or undeveloped sections or if the facilities are provided on a temporary basis.
- C. The facilities are of a type other than that which the Telephone Company would normally utilize in the furnishing of its services.
- D. The facilities would be deployed over a route other than that which the Telephone Company would normally utilize in the furnishing of its services.
- E. The facilities would be constructed on an expedited basis.
- F. The facilities would be in a quantity greater than that which the Telephone Company would normally construct.
- G. The facilities would be constructed on a temporary basis until permanent facilities are available.
- H. The facilities would be constructed in advance of Telephone Company's normal construction.
- I. The conditions require the provision of special facilities or unusual methods of plant construction, installation, or maintenance.
- J. The Customer's location requires the use of costly private right-of-way.

Title to all construction, provided wholly or partly at a Customer's expense, is vested in the Telephone Company.

Construction charges will include materials, contract services, and loaded labor. The Customer is required to bear unusual maintenance costs for special construction.

Overhead loading of labor is calculated with a composite allocation factor that is based on plant, construction, and engineering personnel salaries and expenses; supervision, pension expense, insurance, unemployment and social security taxes. This factor is developed annually by determining the relationship of the above expenses to the total payroll base. It is applied to expenses for construction, removals, plant and central office maintenance.

The Telephone Company will provide an estimate of actual charge to the Customer prior to the start of construction.

When attachments are made to poles or other companies, in lieu of providing construction for which the Customer would be charged under the provisions hereof, the cost to the Telephone Company for such attachments are borne by the Customer.

The Customer is required to pay construction charges as made by another company providing facilities connecting with the facilities of the Telephone Company.

Construction charges will not apply to the Customer's station installation that includes the aerial drop that extends from the last pole to the demarcation point. Refer to Glossary of Definitions and Terms for explanation and examples of the term "Demarcation Point."

Installation of facilities within subdivisions shall be underground where underground treatment is the usual form of installation.

The following definitions are used with regard to facilities constructed and owned by the Telephone Company:

Applicant – The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate, political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision

Building – A single structure roofed and enclosed with exterior walls, built for permanent use, erected, frames or component structural parts and unified in its entirety both physically and in operations for single-family residential occupancy in a subdivision, excluding mobile homes. Subdivision – a lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings or the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law. The Telephone Company, upon receipt of the applicant's proper application, will install underground facilities with suitable materials to assure that the applicant will receive reasonably safe and adequate telephone service. The provision of the underground facilities will be at no charge, except where a charge is permitted in this Tariff.

Rights-of-Way and Easements - Within the applicant's subdivision, the Telephone Company will construct, own, operate, and maintain underground facilities only along public streets, roads and highways which the Telephone Company has the legal right to occupy, and on public land and private property across which rights-of-way and easements satisfactory to the Telephone Company may be obtained without cost or need for condemnation by the Telephone Company. Rights-of-way and easements, within the subdivision, satisfactory to the Telephone Company, must be provided by the applicant within reasonable time to meet construction and service

Issued By: Carrie L. Cox, Director Legal and Regulatory Affairs
12405 Powerscourt Drive, St. Louis, MO 63131
Charter Fiberlink SC-CCO, LLC

requirements before the Telephone Company required to commence its installation, such rights-of-way and easements must be provided by the applicant at no charge to the Telephone Company, be cleared of trees, tree stumps and other obstructions and be graded to within (6) inches of final grade. Such clearance and grading must be maintained by the applicant during construction by the Telephone Company.

Advances by the Applicant

- A. Where, due to the manner in which a subdivision is developed, the Telephone Company is required to construct an underground distribution system through a section or sections of the subdivision where service will not be connected for at least (2) years, then, the Telephone Company may require a reasonable advancement for the construction from the applicant before construction is commenced, to guarantee performance.
- B. Where the subdivision is developed in a uniform manner so that the Telephone Company may restrict the construction of its underground telephone distribution system to a section or sections in which buildings or multiple-occupancy buildings are being constructed, the Telephone Company may not require an advance.
- C. If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro rata basis as the permanent service connection is made to each building or multiple-occupancy building.
- D. Any portion of an advance remaining unrefunded ten (10) years from the date the Telephone Company is first ready to render service with the extension will be retained by the Telephone Company and credited to the appropriate construction account.

Temporary Facilities

- A. Temporary facilities may be installed to provide service, when necessary, for a maximum period of one (1) year.
- B. When it is necessary to place temporary facilities in advance of the permanent underground telephone system in order to provide telephone service, the Telephone Company may require the applicant to pay the estimated unrecoverable costs of the temporary facilities. If the required costs under the above-described conditions apply, the Telephone Company has the right to refuse installation of the temporary facilities until the required costs are paid to the Telephone Company.

Special Type of Construction

When underground service connections are desired by Customers as initial installation in places where aerial drop wires would ordinarily be used to reach the Customer's premises, or when aerial facilities are used to provide service to a customer and subsequently the Customer desires that such facilities be placed underground, the following regulations apply:

- A. Where cable is laid in conduit, the underground conduit shall be constructed and maintained by or at the expense of the Customer and in addition, the Customer shall pay the cost of the underground cable, including the cost of installing, less the estimated cost to the Telephone Company of installing such aerial facilities as would be (or are) required to furnish the same service. The underground conduit shall be constructed in accordance with plans and specifications furnished by the Telephone Company.
- B. The duct or ducts required in the underground conduit by the Telephone Company to furnish service shall be reserved for its exclusive use.
- C. Where conductors are laid in a trench, the trench shall be constructed and backfilled by or at the expense of the Customer. In addition, the Customer shall pay the cost of the conductors,

including the cost of installing, less the estimated cost to the Telephone Company of installing such aerial facilities as would be (or is) required to furnish the same service.

- D. Cable or wire installed in conduit will be maintained and replaced at the expense of the Telephone Company where the conduit has been inspected in place by the Telephone Company and approved, but repairs or replacements of cable or wire in conduit not so inspected and approved, or repairs or replacements of cable or wire in conduit or trench made necessary by damages caused by the Customer or his representative will be made only at the Customer's expense.
- E. Where facilities are changed from aerial to underground, in addition to the above, the Customer is charged the cost of dismantling and removing the aerial facilities.

3.2.13 911 Emergency Services

Telephone Company will supply the 911/E-911 service provider in the Telephone Company's service area with accurate information necessary to update the 911/E-911 database at the time Telephone Company accepts Customer orders.

At the time that Telephone Company provides basic local service to a Customer, Telephone Company will make the necessary equipment or facility additions in order to accurately and properly update the database for 911/E-911.

Telephone Company will bill the customer a monthly 911 surcharge, per voice grade equivalent line in order to fund the E-911 system. Funds collected will be remitted to the specific local government.

3.2.14 Directory Assistance

The Telephone Company shall list its customers with the directory assistance operators to provide the requested telephone numbers of all customers, except telephone numbers unlisted at the customer's request.

In the event of an error in the listed numbers of any customer, the Telephone Company shall intercept all calls to the listed number for a reasonable period of time provided existing telephone equipment will permit and the number is not in service. In such event of an error or omission in the name listing of a customer such customer's correct name and telephone number shall be filed with directory assistance operators. The correct number furnished the calling party either upon request or interception.

Whenever any customer's telephone number is changed after a directory is published, the utility shall intercept all calls to the former number for a reasonable period of time and give the calling party the new number provided existing telephone equipment will permit and the customer so desires.

Directory Assistance Direct-Dialed calls for the physically impaired customers are provided at no charge. Customers who are physician certified as physically impaired and unable to use the telephone directory must obtain an exemption from the Telephone Company by completing an exemption form supplied by the Telephone Company.

3.2.15 711 Access for Telecommunications Relay Service

Telecommunications Relay Service (TRS) enables deaf, hard-of-hearing or speech-impaired persons who use a Text Telephone (TT) or similar devices to communicate with the hearing population not using TT. It also allows the hearing population not using a TT to communicate with deaf, hard-of-hearing or speech-impaired persons who do use a TT. A Customer will be able to access the state provider to complete such calls by either dialing the applicable telephone number directly or by dialing the number 711.

The Telephone Company will bill the customer a monthly charge on all residential local exchange lines as necessary to fund the establishment and operation of a dual party relay system and a distribution system of TTY's and other related telecommunications devices in South Carolina.

3.2.16 Refer A Friend Program

(N)

By referring a friend to new telephone service an existing customer will receive a credit on the existing customer's telephone service bill. Specifically, each referral that results in a new telephone customer will earn a \$25.00 "one-time" credit awarded to the referring customer. A referring customer can earn multiple \$25.00 credits for multiple referrals that result in new telephone service connections. The referring customer must be an existing Charter customer and will qualify for the credit if the new customer keeps their telephone service for at least 90 days.

The new customer will also receive a \$25.00 one-time credit off of the new customer telephone service bill. This referred customer can not earn multiple credits for being referred multiple times.

Upon cancellation of service for any reason, any unused credits will automatically expire and may not be transferred, assigned or redeemed for cash. Upon cancellation of the program referred active customers will still receive their credit 90 days after the sale.

All other promotions are applicable.

The referrals must be submitted to Charter via the Refer a Friend form found on the Company's website. The person being referred must sign up for service online using the order form on the referred customer landing page.

(N)

4. Rates for Residential Service

This Local Exchange Tariff applies to the Services furnished or made available, when technically feasible, by the Telephone Company in the State of South Carolina. Customer must reside in a serviceable area of the Telephone Company to subscribe to the services outlined in this Tariff. All current charges quoted are for period of one (1) month unless otherwise noted and are payable monthly in advance. Maximum charges are the highest price allowed whereas the charges contained in [Appendix A](#) are the currently billed prices.

(C)

4.6 Current Rates

Current recurring and non-recurring rates for all product and services outlined in Sections 4.1 thru 4.5 can be found in [Appendix A](#) of this Tariff.

¹ Service Charges may be prorated in equal payments over a four (4) month period.

4.7 Promotions

Telephone Company may offer promotions for thirty (30) days or longer in the Telephone Company's exchanges subject to the availability of facilities. All promotional service offerings will be filed with the Public Service Commission of South Carolina.

Trials

Services may be offered periodically on a trial basis by the Company for technical and/or marketing purposes under the terms and conditions listed following. These trials shall be for the purpose of evaluating, in an operating environment, the performance and pricing of the specific service in conjunction with other marketing and environmental factors that can influence customer demand as follows:

- A. Marketing and/or technical trials shall be governed by the regulations set forth in this section of the tariff.
- B. A marketing and/or technical trial shall not require a tariff filing. However, a transmittal letter shall be provided to the Commission before the start of the trial which will include the following information:
 - 1. A description of the new service proposed to be offered;
 - 2. The specific geographic area(s) or telephone exchange(s) in which the service is to be offered;
 - 3. The rates and charges for the service;
 - 4. All rules and regulations governing the offering of the trial service to customers;
 - 5. The targeted number of customers to be included in the trial.
 - 6. The Commission will be notified via transmittal letter of any subsequent changes to rates in advance.
- C. A trial service may be offered to a subscriber, a group of subscribers, or to all subscribers in the classification(s) of service and the specific area(s) for which the trial service is made available. Rates for a trial service may also change for a specific location during the trial period to determine the appropriate rate(s).
- D. The applicable terms and conditions for the trial services shall be determined by the Company and provided for a test period of not more than twelve months.
- E. The Company reserves the right to alter the rates after letter notification to the Commission

4.8 Customer Initiated Temporary Suspension of Service

Suspension Service*

(N)

A Customer may request a temporary suspension of Service to accommodate extended absence needs for vacation, etc. Requests for suspension cannot exceed three (3) consecutive months, and can only be applied to the Telephone Company customer's account one (1) time per calendar year. During this suspension period, there is no access to essential services such as 911.

(D)

(D)

Seasonal Suspension Service may be in three (3), four (4), five (5) or six (6) consecutive month increments, and can only be applied to the Telephone Company customer's account one (1) time per calendar year. Refer to Section 4.4 Other Services and Charges and Appendix A for rates.

Access to essential services such as 911 as well as 611 calls terminating at the Telephone Company will be available. Suspension service also includes Voice Mail if requested by the customer. If the customer does not provide a restore service date, Telephone Company will restore service and resume billing after the suspend date option requested. The restored service will be the same and will reflect the same features as the service prior to the suspension.

Use of the Temporary Suspension of Service option allows the customers to not be charged a disconnect service order charge and a new connect service order charge, while maintaining their telephone number. All other monthly recurring charges are waived for the suspended period. If promotional pricing is in effect at the start of the suspension period, the promotional period will not be extended for the period of the seasonal disconnect.

For example, in January, a customer requests an additional line promotion that is priced at fifty percent (50%) of the regularly tariffed rate for the first six (6) months. The customer requests a seasonal disconnect for three (3) months beginning in April. When the service is restored in July, the original promotional time frame has expired and the customer will no longer receive the promotional rate.

Additionally, if rates for any of the services that the customer subscribes to have been increased or decreased during the suspension period, the customer's service will be billed at the rate in place at the time of termination of seasonal disconnect.

The subscriber must provide a Company accepted "bill to" address to receive this service.

(C)

The monthly, per line charge for Seasonal Suspension Service can be found in [Appendix A](#) of this Tariff.

(D)

(D)

4.9 Number Intercept Treatment

Description

If a customer changes local service providers or disconnects from his or her local exchange service provider and does not retain his current telephone number, the Telephone Company will provide a recording for thirty (30) days from the effective date of the change/cancellation which will provide a caller with either a notification of disconnection if no new telephone number is provided to the Telephone Company or with the new telephone number of the end user if the new number is provided to the Telephone Company. An additional thirty (30) days of notification may be requested by the customer at the rate specified in [Appendix A](#) of this Tariff.

Number intercept treatment will not be provided beyond sixty (60) days.

4.10 Operator Services

Description

The Telephone Company furnishes operator assistance to its customers via a third-party provider. This service provides Customers with assistance using operators or the automated Interactive Voice System (IVS) whereby Customers may request assistance in: dialing a local or intrastate number; requesting a local and intrastate person-to-person call; billing a local and intrastate call to a calling card, a third number or as a collect call.

Regulation

Telephone Company will not bill for incomplete calls where answer supervision is available.

Telephone Company will not bill for incomplete calls and will remove any charges for incomplete calls upon subscriber notification or Telephone Company's knowledge.

The caller and billed party, if different from the caller, will be advised that the Telephone Company is the operator service provider at the initial contact.

Rate quotes will be given upon request, at no charge, including all rate components and any additional charges.

Only Local Exchange Tariff rates approved by the Public Service Commission of South Carolina shall appear on any local exchange Telephone Company (LEC) billings.

Telephone Company shall be listed on the LEC billing.

Telephone Company will employ reasonable calling card verification procedures.

Telephone Company will route all 0- or 00- calls to the emergency service provider, at no charge.

Upon request, Telephone Company will transfer calls to another authorized interexchange Telephone Company or to the LEC, if billing can list the caller's actual origination point.

The Operator Assisted charge is in addition to applicable local or toll message usage charges billed to that telephone number.

Collect calls from prison institutions may not be accepted.

(C)

4.11 Line Status Verification and Busy Line Interrupt

Description

The Telephone Company furnishes Line Status Verification and Busy line Interrupt Service to customers upon request to provide line status or busy interrupt of a requested access line.

The provision of Line Status Verification involves a Telephone Company-provided operator determining the condition of an access line that a customer requests be checked. The status of the access line is verified to the requesting customer.

The provision of Busy Line interrupt involved a Telephone Company-provided operator interrupting a conversation in progress to ascertain willingness to establish conversation with an alternate party.

Regulation

This Service is provided where facilities exist for line status and busy interrupt through a Telephone Company-provided operator.

No request will be processed on a collect or reversal-of-charge or person-to-person basis. However, in the case of an Emergency Busy Line Interrupt, the caller may bill collect, if necessary.

The rates set forth for Line Status Verification and Busy Line Interrupt are in addition to the rates associated with Local Exchange Services, if the calling party requests the operator to place the call.

The charge for Busy Line Interrupt applies whenever the operator interrupts the conversation even though one or the other parties interrupted refuses to terminate the conversation in progress.

If the line verified is not in use or as the result of interrupt the line is cleared, and at the calling party's request the operator completes the call, the current applicable Operator Assistance Service charges apply as described in [Appendix A](#) in addition to the line status Verification or Busy Line Interrupt Charge.

Exemptions

Charges for Line Status Verification and Busy Line Interrupt are not applicable to calls placed from authorized emergency agencies. Police, Fire, Ambulance and 911/911-Like agencies are those agencies that qualify for this exemption.

4.13 Enhanced Directory Assistance Service (*)

Enhanced Directory Assistance Service provides the Telephone Company's customers access to requested numbers as described in Section 3.2.14 as well as informational services. Enhanced Directory Assistance is available by dialing 411 or 1-area code-555-1212. Enhanced Directory Assistance provides requested telephone numbers along with features such as movie times, weather conditions and forecasts, highway traffic conditions, stock quotes and preferred restaurant listings. Additionally, a reverse directory assistance look up service provides the customer pertinent information such as name, address or zip code information for a phone number the caller already has. The Enhanced Directory Assistance service has a maximum of two requested telephone numbers per call.

Charges for this service may be found under Appendix A of this tariff. Exemptions are described in Section 3.2.14 of this tariff.

5. Business Services

(N)

5.1. Rules and Regulations

The regulations specified herein are in addition to the rules contained throughout this Tariff and other tariffs of the Telephone Company. Failure on the part of customers to observe these rules and regulations of the Telephone Company automatically gives the Telephone Company the right to cancel the contract and discontinue the furnishing of service.

The Telephone Company's obligation to furnish service or to continue to furnish service is dependent on its ability to obtain, retain and maintain suitable rights and facilities, and to provide for the installation of those facilities required incident to the furnishing and maintenance of that service.

Products and Services are available as stated herein, where technically feasible. The quantity of business lines, per customer location, is dependent on the technical feasibility at that specific location. Additional construction and facilities may be required at the customer's expense. The customer must pay for any special construction prior to the activation of service and/or cancellation of contract. All charges are due and payable upon receipt of the bill. If the business customer fails to pay an invoice within thirty (30) days of issuance, Charter will issue a notice of late payment. Customer will be charged a late fee of not more than five (5) percent per month on any outstanding past-due balance.

Customer agrees to pay any sales, use, property, excise or other taxes, franchise fees, and governmental charges (excluding income taxes), including, without limitation, applicable state property taxes. A copy of the Customer's tax exemption document, if applicable, must be provided to Charter to certify tax-exempt status. Tax-exempt status shall not relieve Customer of its obligation to pay any applicable franchise fees or mandated federal and state surcharges.

5.2. Rights of the Telephone Company

No express or implied waiver by the Telephone Company of any event of default shall in any way be a waiver of any further subsequent event of default. Nothing herein, including, but, not limited to Termination, shall relieve the Customers of its obligation to pay the Telephone Company all amounts due.

The Customer shall be in default in the event that the Customer does one (1) or more of the following (each individually to be considered a separate event of default) and the Customers fails to correct each noncompliance within twenty (20) days of receipt of written notice in cases involving non-payment or within thirty (30) days of receipt of written notice in cases involving any other noncompliance:

1. Customer is more than thirty (30) days past due with respect to any payment;
2. Customer has failed to comply with the terms of this tariff or contract;
3. Customer files or initiates proceeding or has proceedings filed or initiated against it, seeking liquidation, reorganization or other relief (such as appointment of a trustee, receiver, liquidator, custodian or such other official) under any bankruptcy, insolvency or other similar law and such proceedings are not dismissed within sixty (60) days.

(N)

In the event Customer is in default, the Telephone Company shall have at its discretion, and in addition to any other remedies it may have herein, to:

1. Suspend Services to the Customer immediately until such time the noncompliance has been corrected with affecting Customer's on-going obligation to pay the Telephone Company any amounts due (i.e. monthly charges) as if such suspension of Services had not taken place;
2. Termination of Services; or
3. After the occurrence of two (2) such events of Customer default in any twelve (12) month period of time, terminate contractual agreement and/or all of the applicable service orders

If termination is due to noncompliance by the Customer, Customer may be assessed a Termination Charge. The Termination Charge shall be equal to fifty percent

If termination is due to noncompliance by the Customer, Customer may be assessed a Termination Charge. The Termination Charge shall be equal to fifty percent (50%) of the unpaid balance of the Monthly Service charges that would have been due throughout the remainder of the applicable service period plus one hundred percent (100%) of (a) the outstanding balance of any and all one-time charges and (b) any and all previously waived one-time charges.

(T)
(T)

Customer shall not use or permit any third party to use the Services in any manner that violates applicable law or causes the Telephone Company to violate applicable law.

Customer represents to the Telephone Company that the Customer has the authority to execute, deliver and carry out the terms of this Tariff and/or individual contract for such telephone services. It is the responsibility of the Customer to ensure that any person who accesses any telephone service through the Customer's equipment or through the Telephone Company's facilities on the Customer's premises will be an authorized user.

The Customer may not assign or transfer (directly or indirectly by any means, his or her individual contract or services to any other entity without first obtaining written consent from the Telephone Company. Contracts may not be amended, supplemented or changed without the written consent of the Customer and the Telephone Company.

Charter may perform an installation review of each service location prior to the installation of services at each service location. At its own expense, the Customer shall be responsible for all site preparation activities necessary for delivery and installation of the equipment and the installation and ongoing provision of Services. All equipment and materials installed or provided by the Telephone Company shall remain the property of the Telephone Company.

Customer is required to provide commercial electrical power or other utility service for the proper function of telephone services.

5.3. Rights of Customer

Customers may cancel without termination fees or penalties any new tariffed service or any new contract for service within thirty (30) days after the new service is initiated. This does not relieve the customer from payment for per use and normal recurring charges applicable to the service incurred before canceling, or for the reasonable cost of work done on the customer's premises (such as wiring or equipment installation) before the customer canceled.

The Telephone Company shall be in default if one (1) or more of the following Occur and the Telephone Company fails to remedy each noncompliance or Occurrence within thirty (30) days of receipt of written notice from Customer:

1. The Telephone Company fails to comply with the terms of this Tariff or individual contract and/or any or all of the applicable service orders;
2. The Telephone Company files or initiates proceedings or has proceedings filed or initiated against it, seeking liquidation, reorganization or other relief,
3. or proceedings not dismissed within sixty (60) days.

If termination is due to noncompliance by the Telephone Company, the Telephone Company shall reimburse the Customer for any pre-paid, unused monthly service charges attributed to such terminated service. In addition, if termination is due to noncompliance by the Telephone Company within one (1) year of the applicable turn-up (installation) date, the Telephone Company shall pay a termination charge, charges equal to a portion of any one time charge has been paid by the Customer to the Telephone Company relative to the services covered by the terminated service order and/or individual contract.

5.4. Exchange Service

Telephone Company will provide local exchange service via Telephone Company's facilities to business customers within its local service areas. Local exchange service includes the following:

Basic Local Touchtone Service
E911 Emergency Service
One white page directory listing per account
One yellow page directory listing per account
Access to Operator Services
Access to Directory Assistance
Access to Customer Service and Repair Services
Access to Line Intercept Services
Access to services for the physically impaired
Free unlimited local calling within the local exchange area of the end user
Free standard intercept service for thirty (30) days

(C)
(C)

5.5. Local Exchange Service Areas

The Telephone Company will provide local exchange service to business customers in the same exchanges as residential customers where technically feasible and available. The local calling area for the above exchanges will be the same for business customers as residential customers. The local calling area for the above exchanges can be found in Section 2 of this tariff.

(C)

5.6. Application of Business Service

Business Services apply at the following locations:

1. In offices, stores, factories and all other places of a strictly business nature
2. In offices of hotels, halls and offices of apartment buildings, quarters occupied by clubs or lodges, public, private or parochial schools or colleges, hospitals, libraries, churches and other similar institutions, except churches and boarding houses as specified below.

At residence locations when use of the service either by the customer, members or his household, his guests or parties calling him can be considered as more of a business than of a residence nature, which might be indicated via advertising, business cards, newspapers, handbills, circular, etc.

3. At residence locations, where the service or an extension line is located in a shop, office or other place of business
4. In college fraternity houses where the members lodge within the premises
5. Any location where the listing of service at that location indicates a business, trade or profession.

5.7. Rates - Business Service

5.7.1. Recurring Rates

Various pricing plans, including month to month and term discount pricing, will be available to business customers within the local serving areas of the Telephone Company. Rates that are listed in this section are monthly recurring charges, unless otherwise noted. All rates shown are on a per line basis and require purchase of a Charter Long Distance Service.

Services that are terminated by the customer prior to the contract expiration date may be assessed a termination liability of fifty (50%) of the monthly service charges for the remaining months of the contract term plus one hundred percent (100%) of (a) the outstanding balance of any and all one-time charges and (b) any and all previously waived one-time charges. For those Services provided under contract terms which have an initial service period identified below, upon expiration of the initial service period, the Services shall automatically renew for the same service period term as originally contracted at Charter's then currently applicable business rates, unless either party gives thirty (30) days prior written notice to the other party before the expiration of the current service period.

Customer Initiated Temporary Suspension of Service (Seasonal Suspension)

A customer may request a temporary suspension of service to accommodate extended absence needs for vacation, etc. Requests for suspension may be in three (3), four (4), five (5) or six (6) consecutive month increments, and can only be applied to the Telephone Company customer's account one (1) time per calendar year. The restored service will be the same and will reflect the same features as the service prior to the suspension.

This service is available only to customers with a minimum of a twelve (12) month term agreement and provides for a suspension of telephone Service(s) for a prescribed period on an annual basis. Seasonal suspension of services will result in availability of dial tone with access only to 911 or Charter customer care service. No other services or features will be active or operational during a seasonal suspension period. Seasonal suspension shall apply to any or all lines (any or all telephone numbers) of an account and is billed on a per line basis. The period of suspension will be the same for and applied to each year of the agreement term.

The term of the original agreement shall be extended by a period equal to the annual period of the suspended service requested by the customer. Such extension shall apply on an annual basis. All renewal service periods shall also include a seasonal suspension period with the extension of such renewal period to be equal to the length of the seasonal suspend for the annual renewal period. For example, if the suspension period is three months, the term agreement shall be extended by three months times each year of the term agreement. Accordingly, a two year term agreement with a three month suspension shall be extended in term by six months. Any subsequent renewal period shall be extended by that same period (six months).

In the event Customer desires to terminate seasonal suspension of service(s) prior to the end of an annual seasonal suspension period, customer's service will be restored fully and all partial months charges will be prorated. Early termination of any annual seasonal suspension shall not reduce the amendment term regardless of whether future seasonal suspensions are fully utilized by the Customer.

Use of Temporary Suspension of Service option allows the customers to not be charged a disconnect service order charge and a new connect service order charge, while maintaining their telephone number. The customer may be charged an Add/Change Charge each time Suspension Service is requested. All other monthly recurring charges are waived during the suspended period.

Seasonal Suspension Service Rate – see page 46

The following bundles consist of regulated and non-regulated services (e.g. Charter Business™ Video and Internet is not under regulation by the Commission). Regulated services are offered as described in this tariff. The discounts shown are based on actual purchase and continuation of the bundle throughout the specified time period. No feature or product substitutions are allowed.

Charter Business Bundle™ - regulated service and one non-regulated service

The customer must purchase the regulated service shown and either Charter Business™ Video or Charter Business™ Internet Plus to qualify for the following rates. Customer's discontinuance of the non-regulated service will result in a conversion to the current "non-discounted" rate.
